Software: Fat-Free for PHP, JavaScript, HTML5 and CSS3

📅 Sep. 2018 – Aug. 2019

Czech Technical University

Bc Architecture and Urbanism. The final year project ranked as one of the best in the studio #2 of 50.
Bachelor Thesis: HUB/Coworking Center in Teplice

📅 Sep. 2013 – Jun. 2017

EXPERIENCE

Accenture Technology Solutions - Slovakia, s.r.o
Trainee Front-End Developer

- Implemented front-end solutions in the React application, used for demo purposes of complex machine learning problems.

📍 Bratislava, Slovakia   📅 May 2019 – Aug. 2019 (4 months)

Feedbacker, s.r.o
Junior Front-End Developer/ Graphic Designer

- Designed B2B and B2C websites and maintained the existing website using HTML5, CSS3, Bootstrap, Javascript and jQuery.
- Collaborated effectively with back-end developer team using Git to ensure design solutions elevate client-side experience.
- Kept up to date with technologies and processes of product development for creating effective UI of the Feedbacker website.
- Enhanced user experience and created original designs using Photoshop, Illustrator and InDesign.

📍 Bratislava, Slovakia   📅 Jan. 2018 – Aug. 2018 (8 months)

🔗 feedbeo.com   🔗 feedbacker.sk

Codes Creative, s.r.o
Junior Graphic Designer

- Co-authored multiple visual identities of emerging start-ups (Unico Modular, Crowdberry, Metrostav SK) using Adobe Creative Cloud CS6 software, such as Photoshop, Illustrator, InDesign and After Effects along with 3D and 2D software SketchUp and AutoCAD.
- Developed digital and print end-to-end designs for short and long-term projects (internal and public communication for HB Reavis - third largest office developer in Europe).

📍 Bratislava, Slovakia   📅 Aug. 2017 – Dec. 2017 (5 months)
